NUXATED IRON

Increases strength of delicate, nervous, run-down people in two weeks' time in many instances. It has been used and endorsed by such men as Hon. Leslie M. Shaw, former Secretary of the Treasury and Ex-Governor of Iowa; former United States Senator Richard Bland Kenney of Delaware at present Major of the U. S. Army; General John L. Clem (retired) the drummer boy of Shiloh who was sergeant in the U. S. Army when only 12 years of age; also United States Judge G. W. Atkinson of the Court of Claims of Washington and others. Ask your doctor or druggist about it.

FEW CLASS A-1 MEN WILL BE LEFT AFTER JUNE DRAFT MEN ARE CALLED

Boards Will Then Look to Class Two and to Youths Who Registered June 5 But Who First Must be Classified.

Beginning June 19, during a five-day period, all the negroes listed under the different boards will be called to the colors and entrained for Camp Dodge, Des Moines, Ia.

On June 24, during a similar period, all the white men listed below under the city and county boards will be entrained to Camp Gordon at Atlanta, Ga.

This large call fairly depletes Class 1 in a number of boards. After furnishing the below quota county board No. 1 will be left without any men in Class 1 except thirty deferred agriculturists.

County board No. 2, J. B. Sizer, chairman, will have after this draft only 25 colored and 100 white men in Class A-1 who have not been called.

City board No. 1, Foster V. Brown, chairman, will exhaust its quota of whites, but will have about 327 negroes left.

City board No. 2, Gen. M. N. Whitaker, chairman, will be stripped of first-class men except the increment which the new 21-year-old draft brings in.

Class 2 Men Next. In fact, this big call really brings Hamilton county to a consideration of Class 2. This class is composed of fit men who have been deferred for industrial reasons and on account of partial dependencies.

In Class 2 the city and county boards have the following number: City board No. 1, 139; city board No. 2, 213; county board No. 1, 44; county board No. 2, 92. This gives the total for all the boards in Class 2 493 white and colored.

Considerable speculation has been shown among the chairmen of the various boards as to the probable increment of the American army for the ensuing year. In a circular letter of June 5, issued from the executive chamber in Nashville to all the boards of registration, a resume of the number of soldiers called to the colors in all the draft boards of America during the just ended fiscal year was 1,597,088.

In giving his opinion of next year's draft, Dr. W. M. Bogart, of county board No. 1, stated that he believes the ensuing year would see an increment of 3,000,000 men called to the colors. The greater part of these, he hazarded, would be Class 1 men, by counting in the new 21-year-old registrants, and by reclassification, but that a small part of his total would perhaps be drawn from Class 4-1—that is, the agricultural laborers.

Gen. M. N. Whitaker, of city board No. 2, in commenting on the same subject, stated that he believed next year would see from two to two and a half million men called in selective service.

"With our present machinery developed and working smoothly," stated the general, "we naturally will place a great many more men than we did last year. We will have a flying start on it."

J. B. Sizer, of county board No. 2, also placed next year's figure at from two to two and a half millions. "We have plenty of men," stated Mr. Sizer, "and we can furnish just as many men as the military authorities can possibly take care of. However, with cantonments developing on every hand, the army will take much greater numbers than this past year has seen; our registration boards will be in more facile operation. I believe, however, that with the number gained in our new registration, we will have to make inroads upon our agricultural labor."

Here follows the lists of white men called to entrain for Camp Gordon, beginning June 24:

City Board No. 2.
Earl Selvidge, V. H. Payne,
R. H. Gamble, Lewis Jones,
John P. Miller, E. D. Rolston,

STATE ORDERS AUDIT OF CLERK HAYES' BOOKS

C. S. Peterson Checking Circuit Court Clerk for the Third Time.

The records in the office of Circuit Court Clerk Charles L. Hayes are for the third time undergoing an audit by C. S. Peterson, expert accountant. This time the audit is being made at the instance of Dr. O. S. Hawk, state revenue agent for East Tennessee, and only the books where revenue has been collected belonging to the state will be investigated. Mr. Peterson expected to begin his audit on Thursday, but because of being unable to locate one of the state's revenue books was forced to wait until Friday. However, when Mr. Hayes came to his office Friday morning he was asked for the book and it was turned over to the accountant. Mr. Peterson, when seen in the office of the circuit court clerk Friday and asked regarding the report, stated merely that he was to audit the state's books, and confirmed the report that he had been employed by Dr. Hawk. He insisted, however, that there was nothing irregular with the procedure; that it was customary to audit the books periodically, and he had been assigned to this work.

It will be remembered that something over a year ago the county books in the circuit court clerk's office were audited by Mr. Peterson, and the latter's report showed a large amount of money due the county. During the audit a large amount of this money was paid back to the county by the clerk when he was shown it was due. However, it is claimed there is still some money due the county, and Mr. Hayes says when the amount is learned he will tender his check for it. Later it will be remembered, another audit made by Mr. Peterson revealed the fact that the office of circuit court clerk was due the city something over \$5,000. Of this amount Mr. Hayes paid back into the treasury \$3,000, leaving a balance due which is now in litigation. Mr. Hayes claims he was following a well-established custom in collecting the fees to the amount of \$5,000, and while he admitted he owed part of the amount, he allowed the city to enter suit for the remainder. The case is now pending in chancery court. It will be remembered at the time the amount was reported due the city from Mr. Hayes that Commissioner T. C. Reiteron plainly stated that he favored more drastic steps than allowing the money to be repaid. He charged Mr. Hayes with gross bad faith in handling the affairs of the office. The outcome of the city's litigation and the impending audit will be awaited with interest.

DANGERS OF COSTIVENESS

Auto-intoxication, headache, lassitude, irritability, "blues," sallowiness, blotches, are among the results of constipation. If long neglected it may cause piles, ulceration of bowels, appendicitis, nervous prostration, paralysis. Don't delay treatment. Best remedy is Foley Cathartic Tablets, as many thousands know from experience. They not only do their work surely, easily, gently, but without injury to stomach or intestinal lining. Contain no habit-forming element. Jo Anderson, druggist, Chattanooga, Tenn.—(Adv.)

The old style double vision lens of your glasses causes peering over them, and adds ten years to your age because of consequent frowns. We combine combination long and short vision in one lens with a clear one-piece accurately fitted lens that is a masterpiece of optical science. Let our long experience and care serve you now.
